### PROFESSIONAL GRADE

Custom Hyperion designed, 145° wide angle, T2.8 lens, with cinema-grade anti-glare coating, this lens is finely-tuned to match an all new 1/2.3 in, 16MP CMOS sensor, for tack sharp, high framerate HD video, and large Still images.

- New High-Speed 1/2.3 in, 16MP CMOS Sensor
- Hyperion 145° Natural Wide Angle Lens
- New Flush Lens Cover

### SUPERCHARGED

We shoehorned a higher capacity 1700 mAh battery into the Prime X. Compared to the Replay XD1080, battery life has more than doubled to an outstanding 3.5 hours on a single charge.

- 1700 mAh Battery, 3.5 Hour Battery Life
- RePower Battery Packs & HW Kit Compatibility
- Rapid Charge Feature, Charge 2x Faster

### EVEN LOWER PROFILE

We've made important and subtle refinements that improve the already easy to use Replay XD cameras. Every detail, down to the button, has been re-imagined to make Prime X even more intuitive and even easier to use.

- New Power Level & Record LED Indicators
- New Wider Buttons, including New FOV Setting
- Same Renowned Vibration Feedback

### WATERPROOF

The Prime X is waterproof up to 3 Meters / 10 Feet. No need for a separate waterproof case. Water-tight, o-ring seals are used throughout the advanced aluminum housing to ensure water and other elements stay out while you Record.

- Waterproof to 3 Meters / 10 Feet
- New Sealed Bezel and Flat Rear Cap
- Sealed Anodized Aluminum Housing

### WiFi + REPLAY XD APP

Replay XD Prime X is configurable from both the Replay XD iOS / Android App thanks to WiFi, and the Advanced Settings File (Written to SD card). Allowing you to enable more Pro features to fine tune the image and extra features.

- Built-in WiFi
- iOS & Android App

### MOUNT IT ANYWHERE

No other camera on the market except Replay XD gives you over 1 Million mounting positions right out of the box.

- Ultra-low profile Mounts
- 360° In-place Lens Rotation
- 360° Camera Rotation
- More accessory mounts than anyone else: Including Pro Aluminum and Hybrid Mounts
